

The Impact of Perceived Therapist Characteristics on Patients Decision to Return or Not Return for More Sessions

(Preguntas que tomaron en el examen)

Este paper lo tomaron varias veces. La primera vez, en Julio de 2013 preguntaron:

1. Previous research (explicar qué dicen dos o tres autores)
2. Explain the aim of the study
3. Describe the hypothesis
4. Explain the method of sample selection
5. How is the group composition?
6. Explain the results
7. Summarize the Discussion
8. Explain the limitations

La segunda vez, en Septiembre de 2014, en lugar de la pregunta 4 y 5, preguntaron:

4. Explain inclusion and exclusion criteria, and elimination criteria
5. What are the measures and instruments used? Describe one of them in depth.
