

The Role of Domain Content in Understanding Identity Development (3er llamado de Diciembre 2016)

Consignas

Read the text and answer the following questions:

Part 1:

State the information the authors give when they:

- 1) State the centrality of their research topic
- 2) Indicate how the gap in this research topic relate to the aims of their study
- 3) Indicate to what extent Erikson's theory underpins their research

Part 2:

State the information the authors give when they:

- 4) Define the different "status approaches" including the example
- 5) Define the narrative approach and its limitations
- 6) Present the limitations of the status approaches
- 7) Describe their research study (provide a detailed description of the domains presented by the authors)
- 8) Explain the three domains of content
- 9) Compare the narratives by two different 19-year-old females
- 10) Relate the limitations of this research with future research on this topic
