

# Self and Agency in Context

(Preguntas del examen)- Diciembre 2014

## **Assignment:**

1. What gap in research led the authors of this article to carry out their research?
2. Why did they focus on internationalization of psychology?
3. What is the aim of their research?
4. How is 'agency' defined, and how does it related to the authors`s aim for their research work, and to the concept of self?
5. Explain the function of Beatrice Biara's example in the test
6. Explain the affordances for disjoint agency and independent subjectivity
7. What empirical evidence do the authors present for the relationship between material abundance and agency?
8. Explain fully what the authors mean by 'decolonizing research' in relation to self and agency
9. How does the conclusion relate to the aim of the present work?
